Organization Description/Mission/Purpose:

Gibbs Magnet is a public elementary school in the Little Rock School District which seeks to serve the students and community through providing the unique educational experiences for P4- Fifth grade students through the daily practice and development of French, German, or Spanish language instruction. Additionally, students learn about the cultural norms, activities, and expectations of classroom countries and are introduced to and engaged in participation in the elements of all cultures that make all people the same.

Description of the problem or need:

Development of a webpage which will showcase in an up-to-date manner the events, pictures, videos, calendar, classroom pages of the school and teachers in the building. Ideally, the site should allow for forms to be filled and submitted, teacher pages to be linked (two teachers per grade level with the exceptions of P4 and 1st grade: K(2), 1st (3), 2nd (2), 3rd (2), 4th(2), 5th (2)). Parents should be able to access the site from home and complete forms, view pictures and videos. Teachers should be able to post pictures, videos, sign-up sheets, forms, and other pertinent information on an individual page which is easily linked from the main page.
